## **Alliance4Safety and 31 Furniture Companies Recall Millions of Plastic New Age Furniture Tip-over Restraint Kits Due to Tip-over and Entrapment Hazards to Children**

### **Recall Summary**

**Name of Product:** New Age Industries (“New Age”) Furniture tip kits or tip restraints

**Hazard:** The plastic zip tie used with the recalled furniture tip kits can become brittle or break, which can allow a clothing storage unit that is anchored to the wall to detach during a furniture tip-over event, posing a tip-over and entrapment hazard that can result in death or serious injuries to children.

**Remedy:** Replace

Consumers should immediately check if their clothing storage unit has a date of manufacture sticker or stamp of November 2019 or later. If so, and the tip kit is made of plastic, consumers should contact Alliance4Safety for a free replacement tip kit. Keep children away from the unit while waiting for a replacement tip kit.
